PROFESSIONAL AFFILIATIONS

If you are not completely satisfied with your cleaning, simply inform Prestigious Cleaning Team with twenty-four hours of your service and we will be happy to re-clean the area of concern.

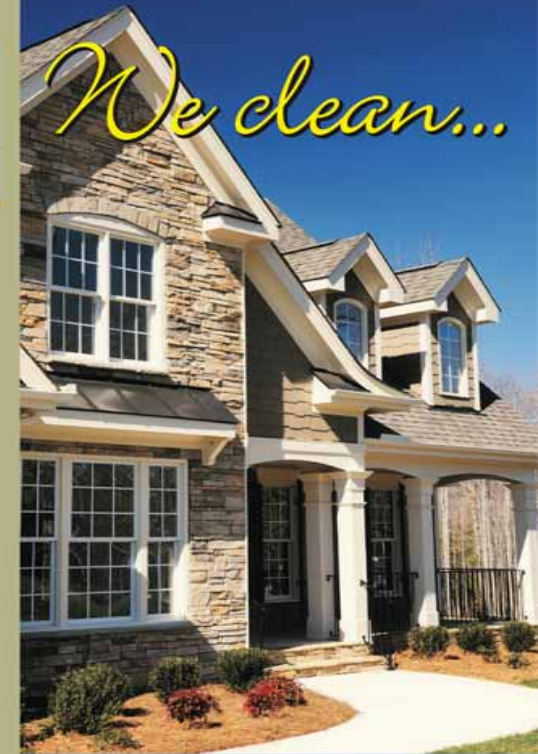

24 HOUR CLEAN GUARANTEE

WE CLEAN . . . YOU ENJOY LIFE!

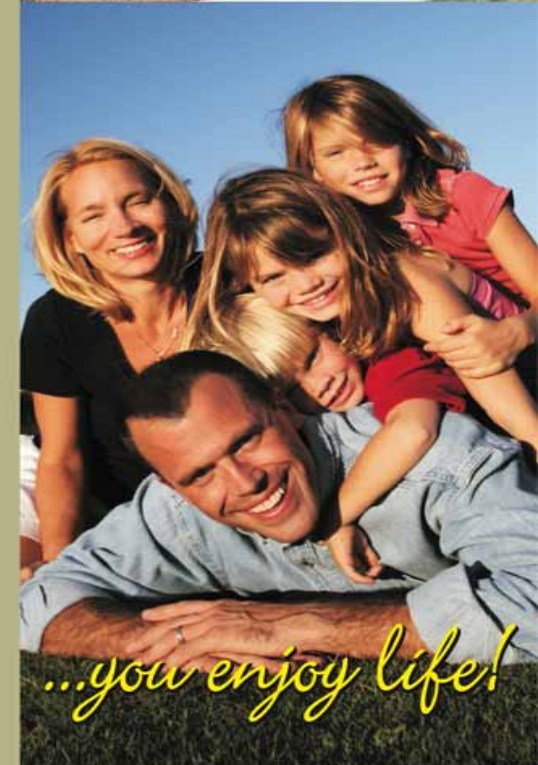

2655 Cobb Parkway, Suite 108
Kennesaw, GA 30152
770-42-Clean (422-5326)

RESIDENTIAL

We clean...

...you enjoy life!

RESIDENTIAL

Prestigious Cleaning Team begins your daily, weekly or bi-weekly cleaning service by getting your home "detailed clean" during the initial clean. Our first clean is an in-depth clean of your kitchen and bathrooms plus a detail cleaning of the rest of your home. After your home's basic cleaning, all subsequent cleanings are performed with our Rotation Cleaning System. This system allows us to maintain your home's basic cleaning needs as well as detailing specific areas of your home each time we clean. These rotating detail cleans distinguish our service from ordinary cleaning companies. For your convenience, all equipment and supplies are provided and PCT is endorsed by Proctor & Gamble's Mr. Clean Team.

INITIAL ONE TIME
Deep, detailed cleaning

RECURRING SERVICE
Thorough cleaning of all rooms, weekly, and bi-weekly,

SPECIAL SERVICES
For-sale cleaning
Move-in, Move-out
In-home Construction Cleanup

DEEP:

- Kitchen - clean fronts and top of cabinets, top and front of refrigerator, clean stove top oven(s). Damp wipe and disinfect counter-tops and sink.
- Bathrooms - disinfect, sanitize and wash commodes, showers, tubs and sinks.
- Throughout the house - damp clean and disinfect baseboards, chair rails, doors/frames, window sills, blinds (PCT does not clean metal blinds). Wipe light fixtures and bulbs for better showing and a clean feel. All surfaces are damp wiped and disinfected to remove dust and eliminate germs.

Floors - vacuum carpets, sweep and wet mop all non-carpeted areas.

Trash - removed and deposited in designated receptacle. Garbage cans re-lined with plastic waste bags. (provided by PCT or homeowner)

Mirrors & Picture Frames - cleaned and dusted.

Intake and floor vents - vacuumed.

ROTATION:

This is our most popular service. This program allows you to enjoy life to the fullest since PCT will deep clean one room per visit and perform a general clean on the balance of the home after the initial clean. (Please refer to "Deep" cleaning for details).

GENERAL:

All flat surfaces dusted. Bathrooms disinfected. Floors vacuumed and wet mopped. No kitchen appliances cleaned. Sinks and counter-tops disinfected.

ADDITIONAL SERVICES AVAILABLE

- Caulking - Yes, mold and mildew exist in our bathrooms and caulking separates around the sink, tub, and Jacuzzi areas due to vibration and settling of the home. PCT can remove old, molding caulking and re-caulk for a fresh and healthier environment.
- Refrigerator cleaning - Every two or three months our refrigerator deserves a cleaning. Why you ask. . . think about all the foods inside that we consume. If these foods remain for long periods of time they emit chemicals through the air into surrounding foods, and juices dripping from liquids lay collecting mold and mildew on our shelves and possibly on top of other foods. These are potentially very harmful to the human body - especially in children.

PCT is equipped with steam cleaning and disinfecting methods to eliminate the harmful germs and return your refrigerator to a clean, fresh smell.

- Cabinets - Are you tired of buying new items because you can't find where the other one is? We can help you organize and clean so you can stop spending unnecessary monies and time. This level of cleanliness and organization will give you a great daily outlook so you can enjoy life!

We use GO GREEN products to promote a healthier environment for our clients, our community, and our world.
